## **I.COMPOSITION OF CAPITAL**

## **Introduction**

The public disclosure relating to Gulf Bank's (the "Bank") Capital structure, information on Capital Adequacy and Additional capital disclosure has been prepared in accordance with the circular (2/BS/IBS/336/2014) dated 24 June 2014 issued by Central Bank of Kuwait ("CBK") as part of Basel III reforms. As per this circular, the Kuwaiti Banks must maintain a minimum capital adequacy ratio of 13% and minimum Tier 1 ratio of 11%.

## 1. Capital structure as at 30 September 2021

Tier 1 capital comprises of Common Equity Tier 1 (CET1) and Additional Tier 1 (AT1) capital. The Bank CET1 comprises of paid up share capital, share premium and reserves including property revaluation reserve and fair valuation reserve less treasury shares. The Bank's Tier 2 comprises of allowed portion of general provisions (1.25% of the credit risk weighted assets) and subordinated Tier 2 bonds. The Bank has been identified as a Domestic Systemically Important bank (D-SIB) and is required to hold additional Common Equity Tier 1 capital (CET1) of 1%. Further to support COVID -19 measures, the Bank is required to maintain a minimum capital adequacy ratio of 11.5% and a minimum Tier 1 ratio of 9.5%.

#### Support measures on Covid-19

CBK issued the Circular No. 2/BS/IBS/454/2020 (the Circular) on April 2,2020 and circular No 2/BS/IBS/484/2021 on 22 June 2021 to provide support measures on Covid-19. The CBK took series of measures in its efforts to support the local economy and the banking sector in Kuwait to play a vital role in the economy, expanding their lending space, strengthening their financing capabilities, encouraging them to lend to productive economic sectors and providing liquidity to the impacted customers.

#### **Capital Conservation Buffer**

As per the Circular above, the Capital Conservation Buffer requirement of 2.5% in the form of CET1 has been released. Accordingly the minimum capital requirement has been reduced from 14% to 11.5% (including 1% D-SIB); minimum Tier1 capital requirements from 12% to 9.5% (including 1% D-SIB) and minimum CET1 requirements from 10.5% to 8% (including 1% D-SIB). These amendments are valid until 31 December 2021.

Further the CBK Circular No 2/BS/IBS/488/2021 dated 11 October 2021 details the phased plan to withdraw the relaxed capital ratios from 1 January 2022 and 1 January 2023. Accordingly the minimum capital requirement will increase from 11.5% to 12.5% (including 1% DSIB),minimum Tier 1 capital requirements from 9.5% to 10.5% (including 1% DSIB) and minimum CET1 requirements from 8% to 9% (including 1% DSIB) from 1 January 2022 onwards.The following year from 1 January 2023 onwards,the minimum capital requirement will increase from 12.5% to 14% (including 1% DSIB), minimum Tier 1 capital requirements from 12.5% to 14% (including 1% DSIB), minimum Tier 1 capital requirements from 10.5% to 12% (including 1% DSIB) and minimum CET1 requirements from 10.5% to 12% (including 1% DSIB) and minimum CET1 requirements 9% to 10.5% (including DSIB).

#### SME definition and risk weights

As per the Circular, the definition of SMEs has been standardized in accordance with the definition contained under Law No. (98) of 2013 on the Establishment of the National Fund for Small and Medium Enterprises Development, amended under Law No. (14) of 2018, its executive bylaw and amendments. Risk weight applied on exposure to SME portfolio has been reduced from 75% to 25%. These amendments are valid until 31 December 2021. The CBK Circular No 2/BS/IBS/488/2021 dated 11 October 2021 maintains the relaxed risk weight of 25% for SMEs.

#### 2020-Consumer and instalment loans deferral

In response to Kuwait Banking Association's Board Resolution, the Bank announced postponement of payment of consumer and instalment loans as well as payment due on credit cards for a period of six months effective from 1 April 2020, waiving also the interest and any other fees resulting from such postponement. The instalment deferrals were considered as short-term liquidity support to address individual borrower's potential cash-flow issues. The loan deferral scheme resulted in a modification day 1 loss of KD 42,212 thousand arising from the modification of contractual cash-flows. The modification loss is charged to retained earnings instead of income statement as required by IFRS 9 Financial Instruments in accordance with the CBK Circular No. 2/BS/IBS/461/2020.

As per the Circular, for the purpose of Capital Base, the Bank has excluded the modification day 1 loss of KD 42,212 thousand arising from loan deferral scheme from retained earnings. This loss will be included in retained earnings over the period of four years starting from the year 2021 until 2024. No impact has been considered for the period ended 30 September 2021.

The below table summarizes the composition of capital:

	KD'000s
Common Equity Tier 1 Capital : instruments and reserves	
Directly issued qualifying common share capital plus stock surplus	457,837
Retained earnings	164,216
Accumulated other comprehensive income (and other reserves)	64,465
Common Equity Tier 1 capital before regulatory adjustments	686,518
Common Equity Tier 1 Capital : regulatory adjustments	-
Investments in own shares (if not already netted off paid-in capital on reported balance sheet)	(18,157)
Total regulatory adjustments to Common equity Tier 1	(18,157)
Common Equity Tier 1 capital (CET1)	668,361
Additional Tier 1 capital : instruments	-
Additional Tier 1 capital : regulatory adjustments	-
Additional Tier 1 capital (AT1)	-
Tier 1 capital (T1=CET1+AT1)	668,361
Tier 2 capital : instruments and provisions	
Directly issued qualifying Tier 2 instruments plus related stock surplus	50,000
General provisions included in Tier 2 capital	58,349
Tier 2 capital before regulatory adjustments	108,349
Tier 2 capital : regulatory adjustments	-
Tier 2 capital	108,349
Total capital (TC= T1+T2)	776,710
Total risk weighted assets	4,803,195

# GULF BANK K.S.C.P. Basel III: Capital and Leverage disclosures 30 September 2021

## **II. LEVERAGE RATIO**

In accordance with the CBK regulations issued on October 2014 (CBK circular No.2/BS/342/2014), Kuwait banks must maintain minimum leverage ratio of 3% effective from 31 December 2014. Leverage ratio is calculated as a ratio of Tier 1 capital as per Basel III to the total exposure. Total exposure is the sum of on balance sheet exposures and off balance sheet exposures after applying the credit conversion factor.

TA man	ZD(1000)
r Items	KD('000)
On-balance sheet exposures	
<sup>1</sup> On-balance sheet items (excluding derivatives and SFTs, but including collaterals)	6,329,59
2 (Asset amounts deducted in determining Basel III Tier 1 capital)	-
